

Saint Mary on the Hill Catholic School
Required Summer Reading

May 2011

Dear Parents,

This summer the students entering kindergarten and first grade will be required to participate in the Richmond or Columbia County Public Library Summer Reading Program. This is a fun program with prizes and a certificate given to the children upon completion of the required reading. The certificate needs to be brought to school in the fall on the first day of classes. This required participation will be included in the first marking period grades for first grade.

Summer reading packets may be picked up at your local county library. Please contact them for further information.

Enjoy your summer and **HAPPY READING!**

Thank you for your support.
